

October 2, 2009

Dear Constituent,

On September 15, 2009 the Fayetteville School District proposed a millage increase for the purpose of building a new Fayetteville High School. An unprecedented voter turnout of over 10,000 people participated in the election process.

In order to determine the compelling reasons for the millage defeat, the district is conducting a survey of all voters who participated in the election. We are requesting that you complete the survey and return the postage-paid card by Monday, October 12, 2009. The survey is completely anonymous and the results will be used for planning purposes. When completing the survey, we ask that you rank the three most compelling reasons that prompted you to vote for or against the millage, with one being the most important reason. Only rank the three items that were a contributing factor in your decision--not all items need to be ranked. Any additional comments you would like to provide will also be greatly appreciated.

Thank you in advance for your participation in this survey process. We value your opinion and the results will provide critical input as we re-evaluate and plan for the future of Fayetteville High School and the children we serve.

Best regards,
