AGREEMENT TO HAUL AND DISPOSE OF ORGANIC COMPOSTABLES IN THE CITY OF FAYETTEVILLE

This Agreement (the “Agreement”), is entered into on this _____ day of _____ 2018, between the **City of Fayetteville, Arkansas**, a municipal corporation (the “City”), and **Food Loops, LLC** (the “Hauler”), and shall be in full force and effect on the date first written above, City and Hauler agree as follows:

1. The term of this Agreement shall be for one (1) year.
2. Hauler agrees that from and after the original date of this Agreement, all customer service Agreements for facilities within the corporate limits of the City, excluding residential areas, entered into before or after the effective date of this Agreement, or renewed shall have terms of no more than one (1) year from the date of execution of this Agreement. No customer service agreement shall extend the terms of this Agreement.
3. Hauler agrees and understands that it may only collect and haul organic waste for composting and recyclable materials. Hauler may collect organic waste and recyclable materials from residential, commercial and industrial activities. Hauler is not authorized to collect or haul any other type of solid waste.
4. In consideration of the right to provide the hauling of solid waste, recyclables and/or organic waste described in Item #3 above, Hauler agrees and understands that it shall be required to pay a monthly fee of five (5%) percent (the “Organic Waste Fee”) of the gross revenue received for providing the hauling of compostable organic waste.
5. As additional consideration for the right to provide the hauling of organic waste as described in Item #3 above, Hauler agrees and understands that it shall be required to provide certification of the weight collected for hauling all organic waste collected in the City of Fayetteville. Documentation should be completed using EPA Waste Characteristic Data from the most recent Volume to Weight Conversion Factors found on the website EPA.Gov. The reported weight will be counted toward the City’s waste diversion goals.
6. If Hauler collects compostable organic waste materials, Hauler shall pay all fees due hereunder, along with submitting “Attachment A: Organic Waste Documentation”, on or before the 15th of each calendar month for the immediately preceding calendar month. Payments of fees received after the due date shall be assessed a 10% penalty per month. If Hauler fails to pay the fees within forty-five (45) days of the due date, the City may terminate this Agreement upon delivery of one (1) written notice to the Hauler. The supporting information shall be sufficient to demonstrate the accuracy of the fee calculation, and shall include the following information: (i) volumes of recycling collected, in tons, by commodity, with disposition by destination market, for all source separated recycling; (ii) for any approved non-source separated program, the Hauler shall submit to the City by June 30th on annual basis, copies of contracts with processing mills; (iii) for any approved non-source separated program, the amounts, in tons, of recycling collected within Fayetteville, with disposition by destination market. With payment remittance, the City may review and obtain certain trade secret information, including rates, frequency of service, customer lists, other customer information, and contracts with recyclers and processing mills (“Confidential Information”). The City asserts this information is exempt from disclosure under the Arkansas Freedom of Information Act as the information meets the exemption for records that "if disclosed

would give advantage to competitors." This information will only be reviewed by City financial staff and will not be made available to City Recycling & Trash Collection staff.

7. If Hauler collects recyclable materials, Hauler shall pay all fees due hereunder, along with submitting "Attachment B: Recycling Documentation", on or before the 15th of each calendar month for the immediately preceding calendar month. Payments of fees received after the due date shall be assessed a 10% penalty per month. If Hauler fails to pay the fees within forty-five (45) days of the due date, the City may terminate this Agreement upon delivery of one (1) written notice to the Hauler. The supporting information shall be sufficient to demonstrate the accuracy of the fee calculation, and shall include the following information: (i) volumes of recycling collected, in tons, by commodity, with disposition by destination market, for all source separated recycling; (ii) for any approved non-source separated program, the Hauler shall submit to the City by June 30th on annual basis, copies of contracts with processing mills; (iii) for any approved non-source separated program, the amounts, in tons, of recycling collected within Fayetteville, with disposition by destination market. With payment remittance, the City will review and obtain certain trade secret information, including rates, frequency of service, customer lists, other customer information, and contracts with recyclers and processing mills ("Confidential Information"). The City asserts this information is exempt from disclosure under the Arkansas Freedom of Information Act as the information meets the exemption for records that "if disclosed would give advantage to competitors." This information will only be reviewed by City financial staff and will not be made available to City Recycling & Trash Collection staff. Any Hauler found providing services for non-source separated recyclables without prior approval by the City shall be subject to a fee of \$500.00.
8. The City shall have the right to conduct an audit of Hauler's customer files and records for all customers located within the City, provided that such audit privilege shall be limited to once per calendar quarter. During such audit, the City may review and obtain certain trade secret information, including rates, frequency of service, customer lists, and other customer information ("Confidential Information"). This information shall not be divulged to any third party by the City, its employees, officers, or elected officials without the express written consent of the Hauler, or as otherwise required by law. The City asserts this information is exempt from disclosure under the Arkansas Freedom of Information Act as the information meets the exemption for records that "if disclosed would give advantage to competitors." This information will only be reviewed by City financial staff, and will not be made available to City Recycling & Trash Collection staff.
9. The City will advise Hauler of any request for information which the City, at the City's sole discretion, determines to be non-disclosable or otherwise subject to an exemption from disclosure under the Arkansas Freedom of Information Act. If a court of competent jurisdiction determines that said requested information is disclosable or otherwise is not exempt from disclosure under the Arkansas Freedom of Information Act, the City will comply with said finding and notify Hauler. Discovery requests made to the City during the course of any litigation, or any other subpoena or court order issued to the City for information or records related to Hauler and this Agreement, shall be promptly made known to Hauler.
10. Hauler agrees and understands that it shall submit to the City by June 30th on an annual basis: (i) a list of all commercial vehicles used to provide services in the City; (ii) proof of appropriate vehicle registration; (iii) and proof of the insurance required by this Agreement.

11. 12. Hauler agrees that it shall provide by June 30th on an annual basis copies of valid and current hauling and disposal permits from the Arkansas Department of Environmental Quality, the Solid Waste District with jurisdiction, and any local permitting agency.
13. Hauler agrees that it shall comply with all federal, state and local laws applicable to the safety, environmental and transportation matters related to providing solid waste collection services under this Agreement. Hauler agrees that all open-top roll-off style containers will be properly covered during transit on streets and highways within Fayetteville.
14. The City reserves the right to inspect all vehicles and containers to ensure that the vehicles are safe and well-maintained and that all containers are well-maintained and water tight, if necessary.
15. If Hauler utilizes the City's transfer station, Hauler agrees and understands that it shall be required to establish an individual credit or service relationship with the City of Fayetteville transfer station operator. Hauler agrees that it shall comply with all practices, policies and procedures as established by the transfer station operator from time to time. Any tipping fee deposits required by the transfer station or landfill operators shall be refunded, less any unpaid tipping fees, when the Hauler ceases hauling activities governed by this Agreement.
16. This Agreement has been entered into freely and voluntarily by Hauler which agrees to abide by all of the terms and conditions as a matter of contractual obligation pursuant to applicable City ordinances. This is a contractual Agreement and is not intended to be part of or relate in any way to any license or ordinance created pursuant to A.C.A. §26-77-102.
