MEETING OF DECEMBER 7, 2021

TO: Lioneld Jordan, Mayor
THRU: Susan Norton, Chief of Staff
FROM: Peter Nierengarten, Environmental Director
DATE: November 18, 2021
SUBJECT: Household Hazardous Waste Drop Off

RECOMMENDATION:

Approve a Memorandum of Understanding with Boston Mountain Solid Waste District for locating a Household Hazardous Waste Drop Off facility in Fayetteville in 2022.

BACKGROUND:

In March of 2020, Washington County ended an agreement with the Boston Mountain Solid Waste District (BMSWD) to operate Household Hazardous Waste (HHW) collection at their facility in South Fayetteville. In April 2021, the City of Fayetteville, in partnership with BMSWD, began operating HHW collection at the corner of Happy Hollow Rd. & 15th Street. Since April 2021 the collections program has provided HHW drop-off services to over 400 Fayetteville residents and collected over 26,000 lbs of household hazardous waste.

DISCUSSION:

This Memorandum of Understanding (MOU) specifies terms for providing a HHW drop off facility in Fayetteville for 2022; those terms include:

- City of Fayetteville will provide space for the HHW collections trailer at the corner of Happy Hollow Rd & 15th Street.
- The City Recycling & Trash Collections Division will provide staff to operate the HHW collections trailer.
- The City will provide space for and inspection of battery and aerosol can recycling at our two recycling drop off facilities.
- The BMSWD will provide the HHW collection trailer, and the battery and aerosol can recycling receptacles.
- BMSWD will be responsible for disposal of all HHW.
- There will be no charge to Fayetteville residents to use the HHW drop off facilities.

BUDGET/STAFF IMPACT:

The cost for this agreement is \$24,000 for 2022 – that fee is necessary to cover the disposal cost of the hazardous materials. The HHW drop off will be staffed by the existing personnel at the Happy Hollow Recycling Drop off center which is located across the parking lot from the proposed HHW collection location.
