CITY COUNCIL MEMO

MEETING OF JULY 19, 2022

TO: Mayor and City Council

FROM: Mike Reynolds, Chief of Police

DATE: June 28, 2022

SUBJECT: **Police Headquarters Building Project Construction, Equipment, and Furnishings Budget Adjustment**

RECOMMENDATION:

A resolution to approve the purchase of equipment and furnishings for the new police headquarters building from Wilson Bauhaus Interiors and other dealers as authorized through City of Fayetteville Resolution 97-21 in the amount of $965,009.91, including any applicable taxes and shipping fees, and on an as-needed basis through March 31, 2023, and any future renewal terms and approval of a budget adjustment in the amount of $996,843.

BACKGROUND:

In January 2021, the City of Fayetteville broke ground on the new Police Headquarters Building with a project budget of $40,541,000. This budget was based on $39,041,000 in 2019 bond proceeds and $1,500,000 in Police Impact Fees. Throughout the building and finish bidding process, consultants and staff conducted multiple value engineering exercises in an effort to maintain our project budget. Consultants and staff were able to value engineer $3,600,000 (rounded) worth of changes and/or omissions from the project without sacrificing security, space, or function. The building and finish packages were bid and approved by City Council using remaining bond funds with additional funding of $609,000 from bond interest and capital improvement fund balance. Our current approved Police Headquarters Building project budget is $42,259,000.

DISCUSSION:

Today, with all bids received, and all soft costs included the current expense of the Police Headquarters Building project is $43,256,000 (rounded) resulting in a budget shortfall of $996,843. Soft costs include land acquisition, architect and engineering fees, equipment, fixtures, and furnishings. The primary factors contributing to this budget shortfall are unforeseen inflation, supply chain issues, fuel, and labor costs. In the last 18 months, construction and material costs have risen up to 25% across all sectors resulting in the use of our equipment and furnishings budget to meet our escalated construction and material costs. This increase in construction and material costs has had a significant negative impact on our equipment and furnishings budget required to finalize this project. Approval of this budget adjustment will enable completion and occupation of the new Police Headquarters Building.

BUDGET/STAFF IMPACT:

A budget adjustment in the amount of $996,843 will move $250,000 of Police Impact Fees and $746,843 of General Fund Balance to the Police Headquarters Building subprojects for the procurement of equipment and furnishings. This purchase has no impact on staffing.

CITY COUNCIL AGENDA MEMO

MEETING OF MARCH 21, 2017

TO: Mayor Lioneld Jordan and Fayetteville City Council

THRU: Paul A. Becker, Chief Financial Officer

FROM: Andrea Rennie, CPPO, Purchasing Manager

DATE: Tuesday, February 21, 2017

SUBJECT: **Approval of utilization of state contract SP-13-0230R and SP-14-0094**

RECOMMENDATION:
Authorization to utilize state contract SP-13-0230R through December 31, 2017 and SP-14-0094 for an initial term of March 20, 2017 through March 19, 2019 and as renewed under the existing agreement by the State of Arkansas, for furniture purchases on an as needed basis.

BACKGROUND:
The furniture contracts were bid through the Department of Finance and Administration, Office of State Procurement and may be utilized by all state agencies and cooperative participants including cities, counties, schools (K-12), colleges and universities.

Contracts SP-13-0230R and SP-14-0094 were awarded to multiple furniture manufacturers. All purchases and invoices resulting from these contracts will be made through the authorized dealer. The state contract requires quotes to show list and net pricing. Charges for delivery and installation are required to be shown as a separate line item on all quotes and invoices.

Similar state contracts have been approved for use by City Council including the WEX Fuel Card, copier purchases and tires.

DISCUSSION:
The City must replace furniture for a division or department where the existing furniture has reached its life expectancy, when new staff is added, or as City facilities are remodeled and renovated. The Facilities Division assists departments and divisions with furniture selection in an effort to standardize the type and grade of furniture purchased.

Purchasing furniture off the State of Arkansas contract gives the City an opportunity to have competitive pricing which is based off of a high volume discount. If the City were to bid furniture itself, it would not likely have enough buying power to receive a deep discount compared to what is offered on the state's cooperative contract. There is no fee to the City to purchase off of the state contract.

BUDGET/STAFF IMPACT:

Furniture is budgeted with each department, division, or project.

CITY OF
FAYETTEVILLE
ARKANSAS

CITY COUNCIL MEMO

MEETING OF JULY 19, 2022

TO: Mayor and City Council

FROM: Mike Reynolds, Chief of Police

DATE: June 28, 2022

SUBJECT: **Police Headquarters Building Project Construction, Equipment, and Furnishings Budget Adjustment**

RECOMMENDATION:

A resolution to approve the purchase of equipment and furnishings for the new police headquarters building from Wilson Bauhaus Interiors and other dealers as authorized through City of Fayetteville Resolution 97-21 in the amount of $965,009.91, including any applicable taxes and shipping fees, and on an as-needed basis through March 31, 2023 and any future renewal terms and approval of a budget adjustment in the amount of $996,843.

BACKGROUND:

In January 2021, the City of Fayetteville broke ground on the new Police Headquarters Building with a project budget of $40,541,000. This budget was based on $39,041,000 in 2019 bond proceeds and $1,500,000 in Police Impact Fees. Throughout the building and finish bidding process, consultants and staff conducted multiple value engineering exercises in an effort to maintain our project budget. Consultants and staff were able to value engineer $3,600,000 (rounded) worth of changes and/or omissions from the project without sacrificing security, space, or function. The building and finish packages were bid and approved by City Council using remaining bond funds with additional funding of $609,000 from bond interest and capital improvement fund balance. Our current approved Police Headquarters Building project budget is $41,150,000.

DISCUSSION:

Today, with all bids received, and all soft costs included the current expense of the Police Headquarters Building project is $42,150,000 (rounded) resulting in a budget shortfall of $996,843. Soft costs include land acquisition, architect and engineering fees, equipment, fixtures, and furnishings. The primary factors contributing to this budget shortfall are unforeseen inflation, supply chain issues, fuel, and labor costs. In the last 18 months, construction and material costs have risen up to 25% across all sectors resulting in the use of our equipment and furnishings budget to meet our escalated construction and material costs. This increase in construction and material costs has had a significant negative impact on our equipment and furnishings budget required to finalize this project. Approval of this budget adjustment will enable completion and occupation of the new Police Headquarters Building.

BUDGET/STAFF IMPACT:

A budget adjustment in the amount of $996,843 will move $250,000 of Police Impact Fees and $746,843 of Capital Fund Balance to Police Headquarters Building subprojects for the procurement of equipment and furnishings. This purchase has no impact on staffing.

The furniture industry has been affected by COVID-19 safety protocols, increases in demand, transportation challenges, and material/parts shortages. Due to these continuing challenges, the furniture industry is experiencing unprecedented delays resulting in longer than normal delivery times. Delays and lead times vary by brand and even by item. If timing for receiving your new furniture is a top priority, our sales team can provide in-stock and special-order options to fit your schedule. We continue to receive price increases and transportation surcharges from manufacturers, so our prices are subject to change. We expect upward pressure on prices to continue so we encourage you to purchase now to ensure the best price. Previously quoted prices may be adjusted to reflect current costs and surcharges. We will continue to communicate with you every step of the way. We value your business and want to thank you for choosing Wilson.

The furniture industry has been affected by COVID-19 safety protocols, increases in demand, transportation challenges, and material/parts shortages. Due to these continuing challenges, the furniture industry is experiencing unprecedented delays resulting in longer than normal delivery times. Delays and lead times vary by brand and even by item. If timing for receiving your new furniture is a top priority, our sales team can provide in-stock and special-order options to fit your schedule. We continue to receive price increases and transportation surcharges from manufacturers, so our prices are subject to change. We expect upward pressure on prices to continue so we encourage you to purchase now to ensure the best price. Previously quoted prices may be adjusted to reflect current costs and surcharges. We will continue to communicate with you every step of the way. We value your business and want to thank you for choosing Wilson.

Allsteel OMNIA Contract #R191802

The furniture industry has been affected by COVID-19 safety protocols, increases in demand, transportation challenges, and material/parts shortages. Due to these continuing challenges, the furniture industry is experiencing unprecedented delays resulting in longer than normal delivery times. Delays and lead times vary by brand and even by item. If timing for receiving your new furniture is a top priority, our sales team can provide in-stock and special-order options to fit your schedule. We continue to receive price increases and transportation surcharges from manufacturers, so our prices are subject to change. We expect upward pressure on prices to continue so we encourage you to purchase now to ensure the best price. Previously quoted prices may be adjusted to reflect current costs and surcharges. We will continue to communicate with you every step of the way. We value your business and want to thank you for choosing Wilson.
